THE HORROR LOOMS

In an effort to stop the global operation of the evil corporate entity Umbrella, an underground organization consisting of S.T.A.R.S. members and ex-Umbrella employees was formed.

Now, at the clandestine hideout of the underground organization, Barry Burton and an unidentified woman are discussing the mission.

A new type of Bio-Organic Weapon (B.O.W.) developed at Umbrella Labs has escaped and is believed to be on board the luxury cruise ship Starlight. The ship is currently crossing the Atlantic heading for Europe! Leon S. Kennedy was sent to eliminate the B.O.W. His last report confirmed that he had boarded the Starlight. He has not been heard from since his last communiqué.

Barry can't believe that Leon simply disappeared — he is one of their best S.T.A.R.S. recruits. The feedback from base was sketchy at best, but it seemed that Kennedy had made his last contact with HQ shortly after boarding the cruiser, which has since been reported drifting aimlessly in the Atlantic like a ghost ship.

Barry suddenly remembered a poem he learned as a child, which now echoed in his mind:

“I loathe the ocean
and the secrets it holds,
forever deep, dark and cold ...”

For some reason, the words sent a chill down Barry's spine ...

Had the horrors of Raccoon City surfaced again?

RED EXCLAMATION MARK - Watch out! This means an enemy is nearby carrying an item. You must defeat the enemy before you can pick up the item.

FLASHING SKULL - This means prepare for battle! During this time, the enemy you are going into battle with is calling on other enemies for reinforcement.

CHARACTERS

LEON S. KENNEDY

Leon was a rookie cop when he started out on his first assignment in Raccoon City. He is now a veteran and one of the most highly skilled recruits of the underground organization. He is idealistic and deeply wants to protect and serve, but he has experienced at first hand the harsh truth of reality. At first glance he may look naïve, but he has been known to be aggressive and even arrogant when necessary. Leon is highly qualified in his line of work and a good sense of humor makes him popular with his colleagues.

BARRY BURTON

Barry is a former SWAT team member with more than 16 years of experience. He is regarded as one of S.T.A.R.S. most exceptional members. He is a highly skilled weapons expert and supplies and maintains weapons for the underground organization. Barry is very much a family man with strong values. Past experiences have made him wary of others.

LUCIA

Little is known about Lucia except that she is an orphan child who was adopted approximately two years ago. Lucia was picked on by other kids because she was "different." Things had gotten so bad that her foster parents decided to send her to live with relatives in Europe. The first available passage was on the Starlight.

SURVIVAL TIPS

- Don't use all your ammunition on the first enemy you meet. Save it up for emergency situations.
- Hit enemies closest to you before attacking enemies farther away.
- Read all messages carefully as they contain useful information. You can read messages over again by viewing them in your PDA.
- Conserve herbs for times when you really need to use them.
- If one of your team is badly injured, it is wise to give that character armor and herbs. Try not to use that warrior during battle. A team member who doesn't fight during battle cannot get hurt.
